Subject: atlantic coast pipeline

Martha,

The project is under review by state environmental regulators, who are aware of the concerns and examining carefully the effect on North Carolina communities.

Thanks,

Ford

Subject: atlantic coast pipeline

good afternoon,

would gov. cooper like to issue a statement regarding the proposed atlantic coast pipeline? NC DEQ is expected to issue a decision any time now regarding the pipeline's application for water pollution permits in the state. a faith-based group of pipeline opponents gathered today at lunch to say they hope that under cooper's leadership, DEQ will deny the permit application.

thank you kindly,

martha quillin
